

Sun City West Spanish Club Graduation

Twenty-one students proudly graduated March 28 from Beginning Spanish classes at Beardsley Rec. Center. In a unique classroom learning design, a team of 7 volunteers from advanced Spanish classes taught, tutored, and encouraged the beginning group through the first level of a 6-level learning curriculum of Spanish language. The numerous volunteers allowed for small-group learning, a method which students applauded as a much appreciated individualized approach to learning which allowed them to practice speaking and ask questions in a supportive non-threatening environment.

Tutors: Back: Christine Dendy; MaryAnn Jasken, team leader; Katie Switaj; Brian McFarland. Front: Sharon Bradley; Brenda Kruse; Karen Brown

Graduation was celebrated in typical Spanish fashion with a fiesta and a tableful of "tapas" and beverages at the home of Pat and Sandy Mahoney.

Congratulations to the graduates for their hard work, perseverance, and success.
